DELIVERING GOOD AROUND THE WORLD

Good360 has distributed more than $8 billion in critical goods around the world, helping our network of 40,000 nonprofits strengthen communities and improve the lives of millions of people in need. In 2014 alone, we distributed 4 million diapers, 10,000 mattresses and 8,000 cartons of clothing, shoes and accessories to hundreds of thousands of people. Today, Good360 is expanding its impact around the world through new technology. GivingPlace360 — an innovative platform that launched in early 2015 — brings together nonprofits, companies and individuals to do more good than ever before.

CREATE WISHLISTS

CONNECT TO SUPPORTERS

GIVING PLACE 360

SHARE THE IMPACT

RECEIVE YOUR GOODS

Connects those who have with those in need.

....

Empowers charities to crowdfund for the goods they need.

....

Provides companies with 24-7-365 access to data and stories about their impact.

....

Enables individuals to amplify their cash donations and witness the tangible impact.

NONPROFITS

When nonprofits join our network, they are given access to tools that enable the distribution of over $300 million worth of critical goods every year. Nonprofits can create Wishlists from the products they see on Good360's online donation catalog, GivingPlace360, and can fundraise from individual supporters to help cover the cost of shipping and handling.

COMPANIES

Doing good is good business, and Good360's GivingPlace360 platform makes donating product easier than ever. When companies join GivingPlace360, they can easily and more efficiently support members of our network of 40,000 prequalified nonprofits. Once the donations are distributed, companies can access distribution data and impact stories via their private dashboards.

INDIVIDUALS

Individuals looking to do good better can register for GivingPlace360 and access public profiles and Wishlists of nonprofits from all over the world. By donating through GivingPlace360, individuals can help nonprofits get the exact goods they need and help them serve their communities.
