## Chief Executive Officer

Howard has spent the past 20 years of his career in creatively driven marketing communications companies. In this capacity he has been practitioner, visionary, leader and the cultural core of the organizations he has led.

Most recently, Howard had responsibility for the worldwide network of Doremus, overseeing offices in New York, San Francisco, London, Hong Kong, Shanghai and Beijing. He provided executive sponsorship to client businesses and often was involved as a practitioner on Doremus' most challenging assignments.

Howard believes that transformative ideas are a function of highly collaborative teams developing unique insights that in turn are expressed through unexpected and powerful creative narratives.

His single most important role at Doremus was to assure that the global offering remained relevant in an ever changing global business environment.

Howard is an undefeated USA Masters Boxer, competitive sailor, world traveler and dedicated father.
