

Donation Program Overview

The Mattel family of companies, the worldwide leader in design, manufacture and distribution of toys, will donate toys from its corporate facilities to the charitable sector through a coordinated program administered by Good360, the world's leading charity in product philanthropy. Mattel products will be contributed to a broad network of Section 501(c)(3) nonprofit organizations. The objective of this program is to improve the lives of children so that they grow up happy and healthy and become productive members in the global community.

Application Guidelines

All organizations must order toys through the Good360 online catalog – no exceptions will be made. A letter to Mattel or Good360 requesting toys does not complete the application process.

Deliveries can only be made to street addresses (no P.O. Boxes, please). Special delivery arrangements cannot be made. Please include a shipping address where deliveries can be accepted during normal business hours Monday through Friday. Shipping addresses cannot be home addresses and must match the address on file for the organization.
