

SoCal Wildfires – Los Angeles County

SitRep – January 2025

January 13

Good360 DR Activation Status – **Full Activation**

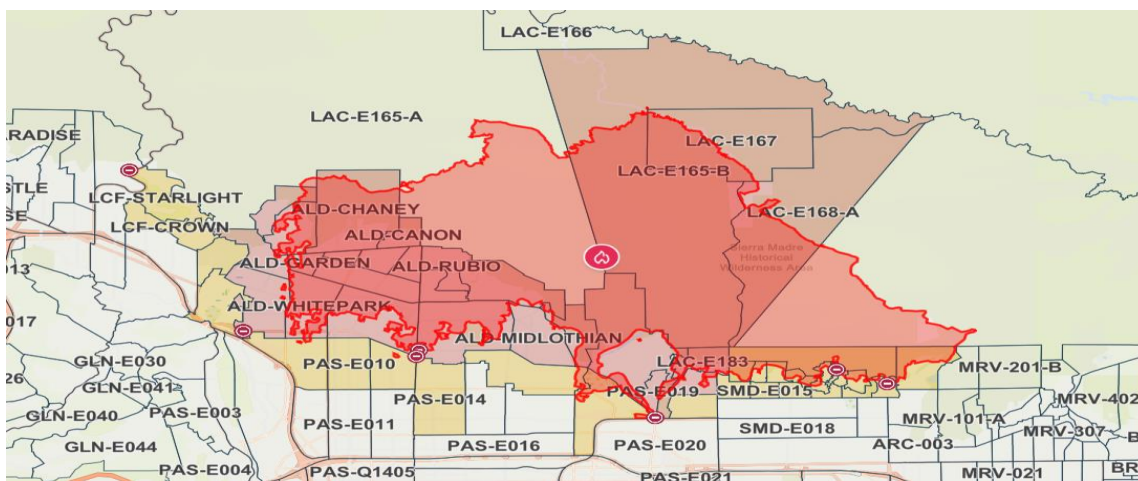

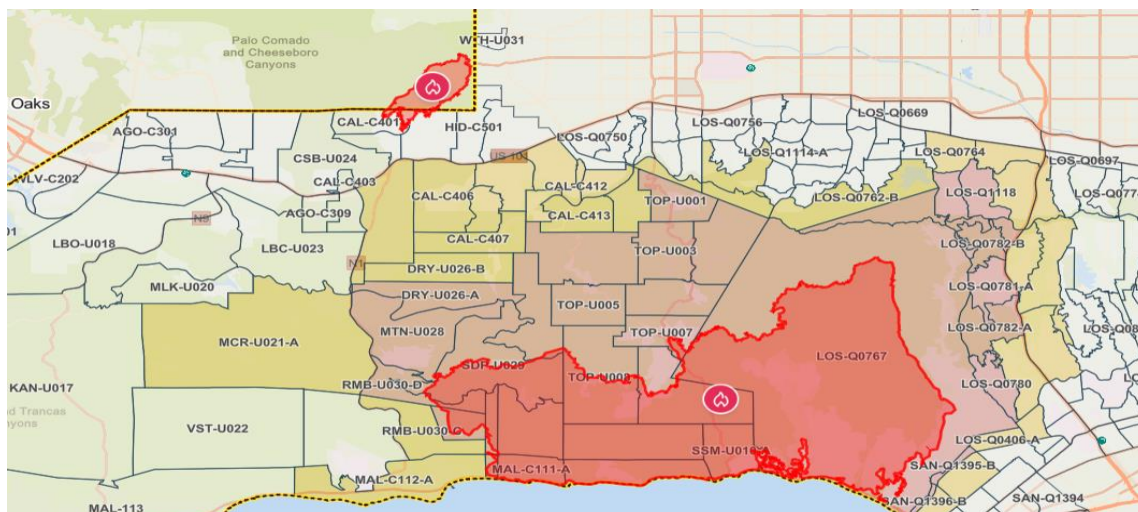

Nearly one week since this incident began and more than 40,000 acres of land in Los Angeles County has been scorched by ongoing fire activity. Currently, there are three active wildfires including the Palisades which is at 14% containment, Eaton at 33%, and Hurst at 89%. To support response efforts on the ground, FEMA has deployed more than 880 [National Guard](#) members from California with several more activations from the states of Nevada and Wyoming. In addition, at least [500 active military](#) personnel have been readied to support search and rescue, air operations, and other activities. President Biden has also increased [federal funding](#) from 75% to 100% for the first 180 days with additional aid to be allocated in the coming weeks.

Thus far, this incident has [claimed the lives](#) of at least 25 people with many more individuals reported missing. These numbers are expected to rise as evacuation orders and warnings are lifted, and impacted areas are made safe for additional search and rescue missions. Though there have been improvements with [power](#) restoration efforts,

more than 50,000 Californians remain without electricity including over 30,000 in Los Angeles County. In addition, the U.S. Department of Health has declared a [Public Health Emergency](#) for the State of California which will allow for essential medical services (i.e. transportation, treatment, etc.) and personnel to be deployed if requested by the state. Water notices and a curfew order remain in effect.

Watches, Warnings, and Evacuations

Evacuation watches and warnings are in place for Los Angeles County. The **red** highlighted areas below indicate regions under mandatory evacuation orders and the **yellow** highlighted areas are communities under voluntary evacuation orders.

Potential Hazards

Santa Ana Winds

A PDS red flag warning for West Los Angeles and Ventura Counties remains in effect until Wednesday, 1/15. Damaging [wind speeds](#) are expected to reach between 55 to 70 mph, increasing the risk of new fires and/or new ignition points.

Particularly Dangerous Situation (PDS) Red Flag Warnings

Ventura & Los Angeles Counties

EXTREME RISK – Take Immediate Action

*****3 PDS Areas*****

- **PDS Timing: Tuesday 4AM - Noon Wednesday**
- **Do NOT do anything that could spark a fire**
- **Have multiple ways to receive evacuation information**
- **Visit www.fire.ca.gov/prepare: Develop a wildfire action plan**
- **Peak winds for this next event will be weaker than those last week. Nevertheless, winds will be strong enough to potentially cause explosive fire growth**

Weather: 45-70 mph gusts, locally damaging; 8-15% relative humidity

***** Important: Red Flag conditions (though weaker winds) are expected in other areas of Southern California *****

Air Quality

An [air quality alert](#) remains in effect for impacted regions with higher levels of nitrogen dioxide and fine particle matter. Exposure to these pollutants could lead to inflammation and infection to lungs, coughing, breathing difficulties, and other respiratory effects.

Coordination Calls and Agency Updates

- FEMA will be hosting a Partner Operations call today at 12pm EST.
- ALAN - Southern California Wildfires Logistics Collaboration call will be held today at 3:30pm EST.
- A PSEMA California Wildfire Coordination Call is scheduled today at 4:30 EST.
- An Emergency Network Los Angeles logistics call will be held today at 5pm EST.
- The National VOAD LTRG Committee is scheduled for Tuesday, January 14 at 2pm EST.
- A U.S. Chamber of Commerce Foundation wildfire briefing will take place Tuesday, January 14 at 2pm EST.

Good360 and Partners

As response efforts continue, some **immediate needs** have been identified including the following items: school supplies (i.e. paper, pencils, crayons, markers, scissors, glue sticks, etc.), clothing, infant supplies, paper goods, bedding, cots, personal hygiene products, rakes, brooms, shovels, and saws. Good360 is also working with groups to fulfill requests for N95 masks and other PPE.

- Global Citizen USA, Global Empowerment Mission, 180 Disaster Relief, All Hands and Hearts, and many more Good360 DR partners have mobilized with boots on the ground. We will continue to collaborate with them to deploy essential resources.
- American Red Cross – there are currently 7 congregate shelters open with approximately 756 clients.

January 11

As of 5pm EST, there are at least four active wildfires burning in Los Angeles County including the Palisades, Eaton, Kenneth (which also impacted portions of Ventura County), and Hurst Fires. While Kenneth and Hurst are more than 50% contained, the Palisades remains at 11% containment and Eaton at 15%. Collectively, these active fires have burned about 38,600 acres with more than [12,000](#) structures destroyed.

CURRENTLY ACTIVE INCIDENTS		Search: <input type="text" value="Search incidents"/>		
INCIDENT	COUNTIES	STARTED	ACRES	CONTAINMENT
Palisades Fire	Los Angeles	1/07/2025	22,660	11% 
Eaton Fire	Los Angeles	1/07/2025	14,117	15% 
Kenneth Fire	Los Angeles, Ventura	1/09/2025	1,052	80% 
Hurst Fire	Los Angeles	1/07/2025	799	76% 

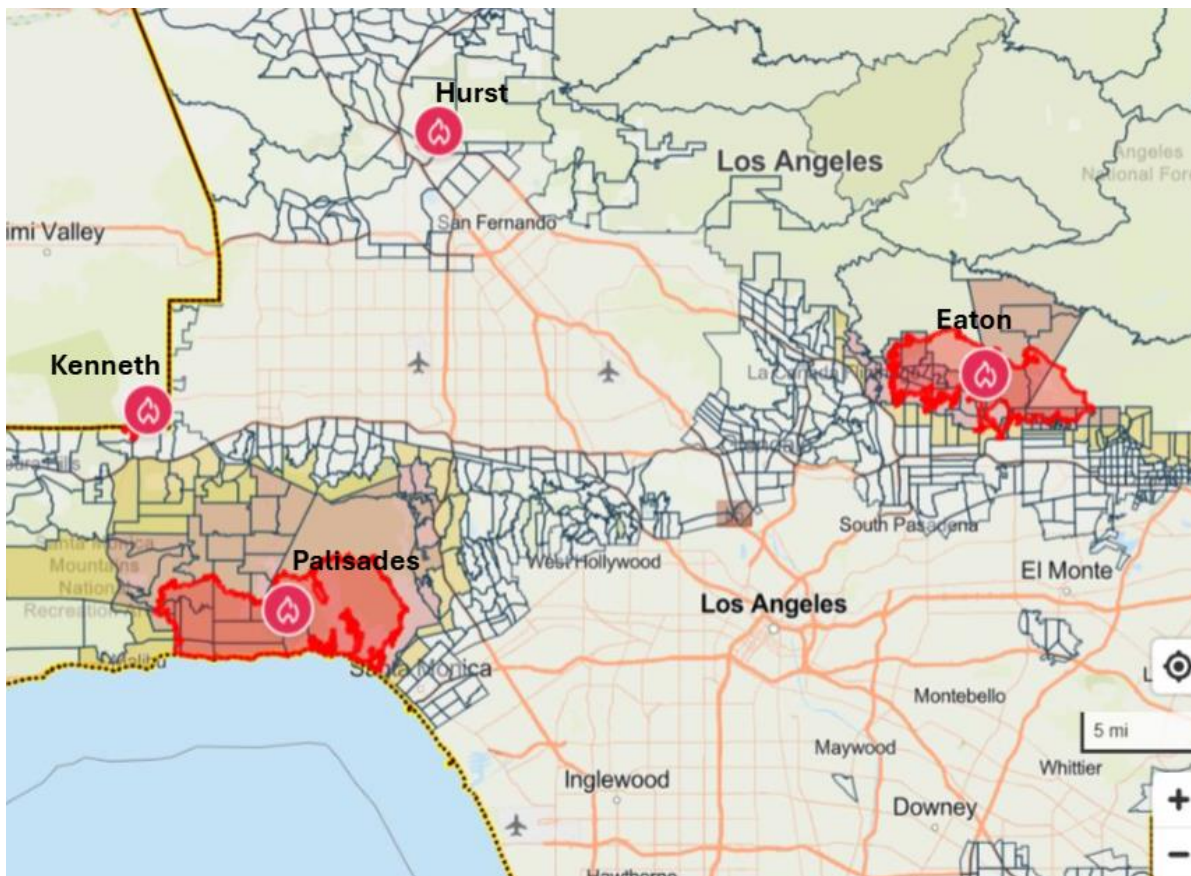

<p>Woodley Fire</p> <p>Started: Jan. 8, 2025</p> <p>Acres burned: 30</p> <p>Containment: 100%</p> <p>Description: The fire started near North Woodley Avenue and Sepulveda Basin in Los Angeles County.</p> <p>Fire details →</p>	<p>Sunset Fire</p> <p>Started: Jan. 8, 2025</p> <p>Acres burned: 43</p> <p>Containment: 100%</p> <p>Description: The fire started on the 2300 block of Solar Drive in the Hollywood Hills in Los Angeles.</p> <p>Fire details →</p>	<p>Lidia Fire</p> <p>Started: Jan. 8, 2025</p> <p>Acres burned: 395</p> <p>Containment: 100%</p> <p>Description: The fire sparked near the 5700 Block of Soledad Canyon Road in Acton.</p> <p>Fire details →</p>
--	--	---

As first responders work to control this incident, at least 11 [fatalities](#) have been reported, 13 people are unaccounted for, and [5 fire fighters](#) were injured. During the overnight hours, more than 150,000 people were under mandatory evacuation [orders](#) with thousands more under evacuation [warnings](#) as fire activity continues. A “DO NOT USE” notice remains for The [Lincoln Avenue Water Company](#) and [Rubio Cañon Land & Water Association](#) for Los Angeles County (Altadena). Additional “DO NOT DRINK” notices have been activated by the Los Angeles Department of Water & Power (zip codes 90272 & 90402), [Pasadena Water & Power Department](#), and [others](#). As a result, a [water distribution](#) event is beginning today until further notice at 23533 West Civic Center Way, Malibu, CA 90265. An air quality alert also remains due to harmful [fine particle pollution](#) levels caused by the fires. In addition, burglary and looting activities have been reported. Therefore, a [curfew order](#) is in place in zones with evacuation

orders and warnings for Los Angeles, Santa Monica, and Malibu. This could lead to even greater losses for some residents.

Watches, Warnings, and Evacuations

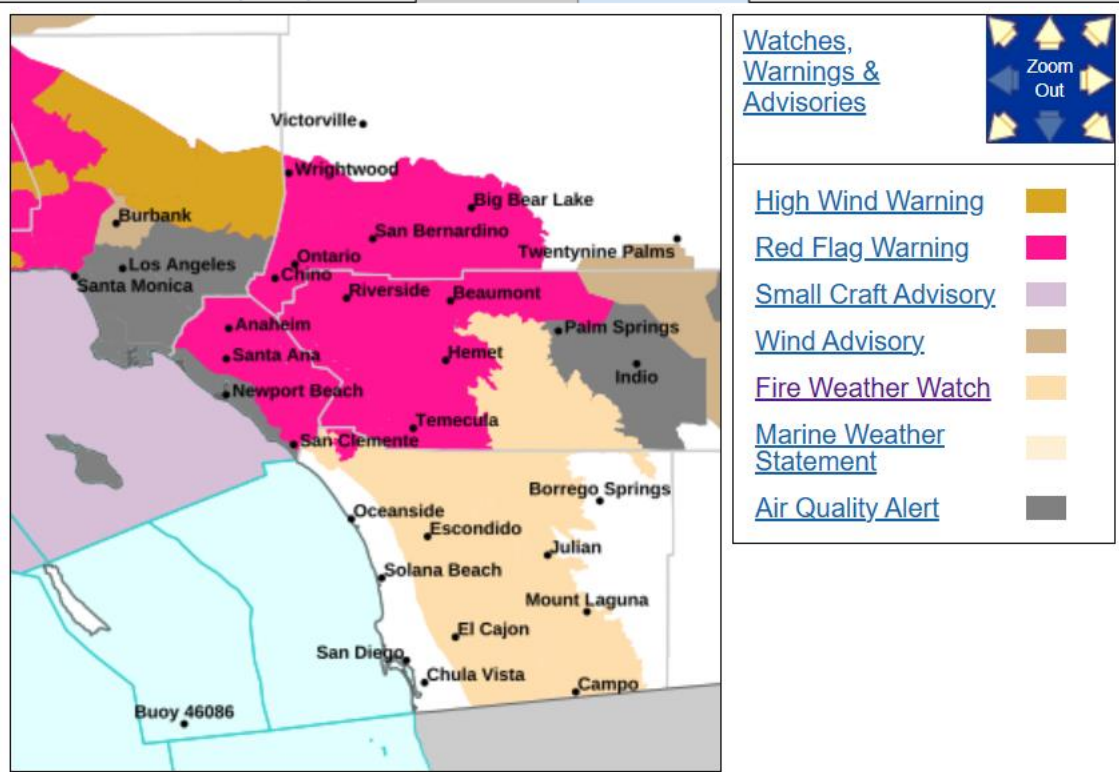

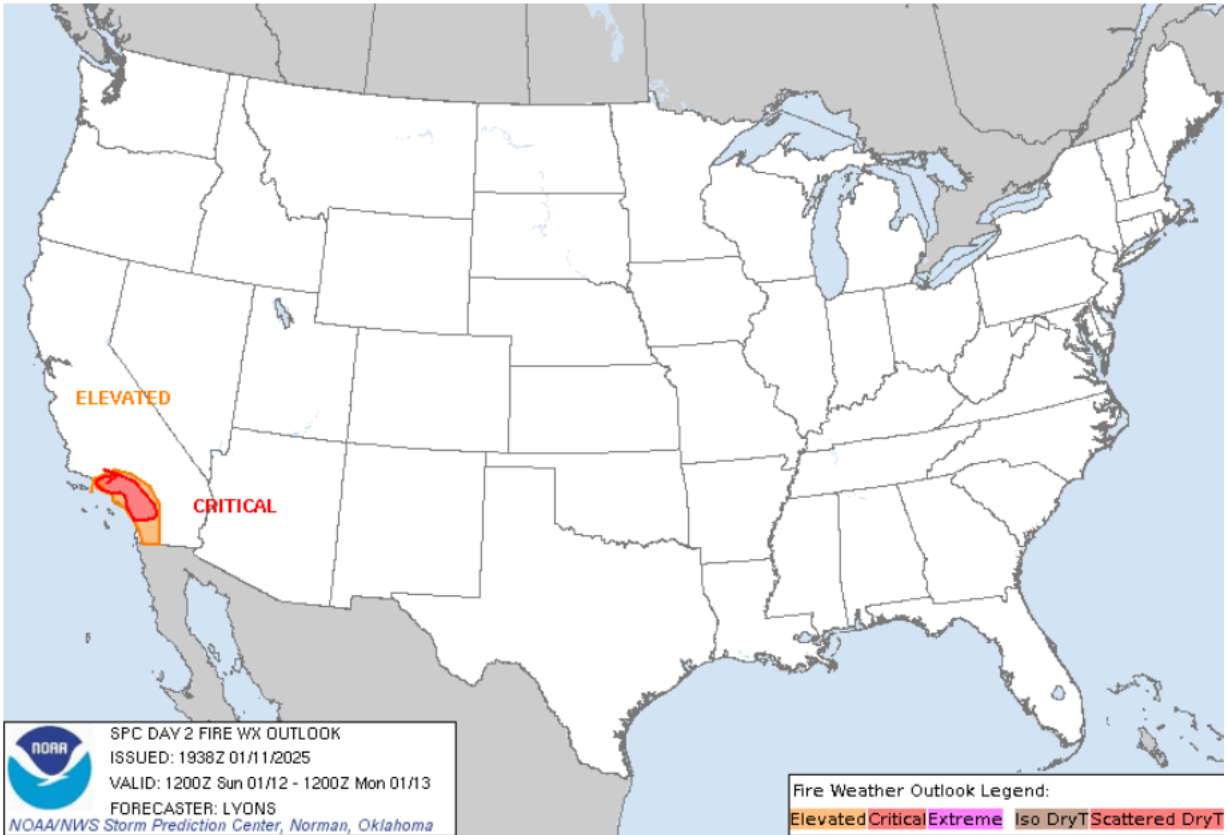

As previously mentioned, evacuation watches and warnings are in place for Los Angeles County. The **red** highlighted areas below indicate regions under mandatory evacuation orders for fire that pose an immediate threat to life and property. The **yellow** highlighted areas indicate regions under voluntary evacuation orders due to the potential threat to life and property; evacuations are highly encouraged.

Potential Hazards

According to the [National Interagency Fire Center](#), the likelihood of new wildfire ignitions in the next several days is higher than usual. For this evening, continued high wind speeds within the Santa Ana corridor could reach up to 50 mph or more into tomorrow (1/12). This could also fuel existing wildfires. A red flag warning is currently in effect until Wednesday, 1/15.

Day 2 Fire Pop. Cities CWAs RFCs Interstates Counties ARTCC FEMA Tribal Day 2 Surface Analysis

Last Map Update: Sat, Jan 11, 2025 at 2:34:26 pm PST

Coordination Calls and Agency Updates

- California Governor's Office of Emergency Services (Cal OES) is in the process of creating an In-Kind Donation Portal for corporate donation offers. More information will be made available in the coming days.
- FEMA is mobilizing Voluntary Agency Liaison's (VALs) with many arriving in the Los Angeles region in the next few days.
 - Anyone affected by wildfire is encouraged to apply for disaster assistance.
- Team Rubicon has activated and is currently assisting with wind-related damage/debris.

Good360 and Partners

As immediate response efforts are underway, some **immediate needs** have been identified including the following items: school supplies (i.e. paper, pencils, crayons, markers, scissors, glue sticks, etc.), clothing, infant supplies, paper goods, bedding, cots, personal hygiene products, rakes, brooms, shovels, and saws. Good360 is also working with groups to fulfill requests for N95 masks and other PPE.

- American Red Cross – there are currently 9 congregate [shelters](#) open with approximately 763 clients.

January 9

As the Southern California wildfires continue to rage, a [Major Disaster Declaration](#) has been approved for Los Angeles County under [DR-4856-CA](#). FEMA is also actively mobilizing supplies and staff as Fire Management Assistance Declarations have been made for the Palisades, Eaton, and Hurst fires. As of 6pm EST, the Palisades Fire, Eaton Fire, and Sunset Fire are at 0% [containment](#) and have burned more than 27,500 acres of land. Progress has been made in the Hurst Fire with 10% containment while the Lidia Fire is at 60%. More than 2,000 structures have been destroyed, 4 fire fighters were injured, 5 fatalities have been reported, and about [180,000](#) residents have been forced to evacuate affected communities. Considering it's magnitude and reach, the Palisades Fire has been identified as the [most destructive fire](#) to take place in the City of Los Angeles.

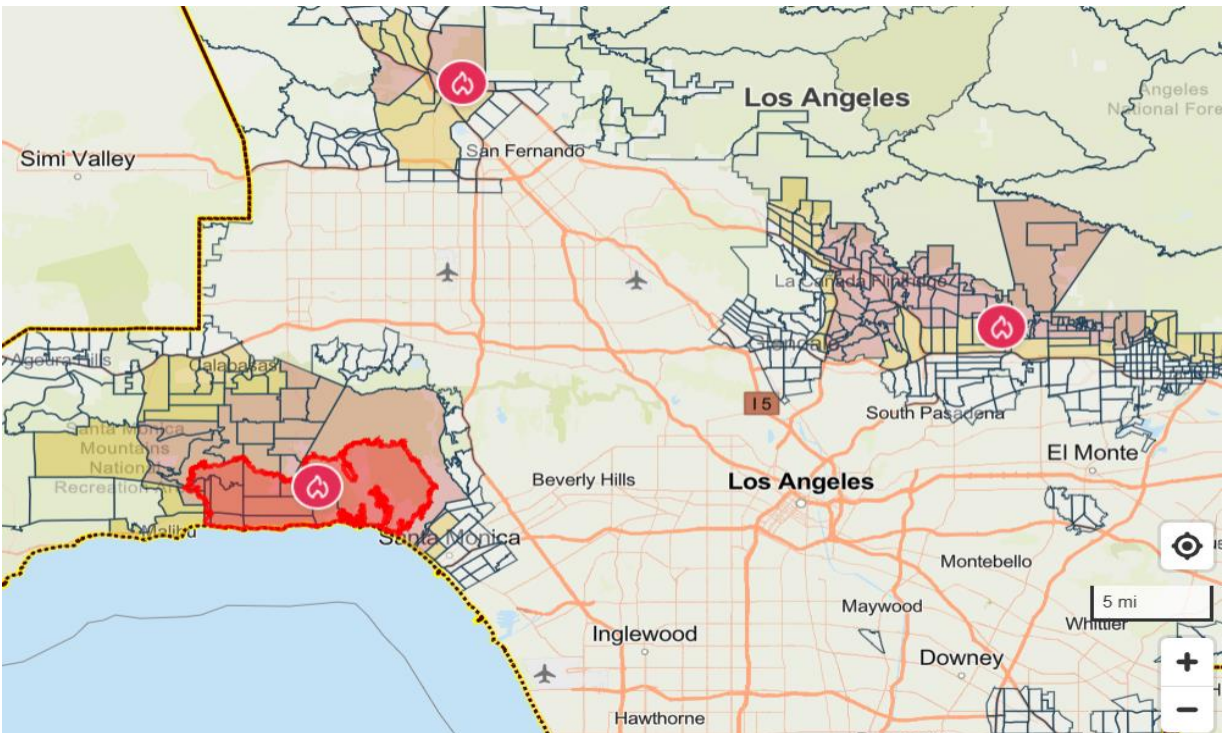

<p>Palisades Fire</p> <p>Started: Jan. 7, 2025</p> <p>Acres burned: 17,234</p> <p>Containment: 0%</p> <p>Damage: More than 1,000 structures destroyed and more than 10,000 at risk</p> <p>Description: The fire started southeast of Palisades Drive in Pacific Palisades.</p> <p>Fire details →</p>	<p>Eaton Fire</p> <p>Started: Jan. 7, 2025</p> <p>Acres burned: 10,600</p> <p>Containment: 0%</p> <p>Injuries: 4 firefighters injured</p> <p>Deaths: 5 people killed</p> <p>Damage: More than 1,000 structures destroyed</p> <p>Description: The fire began burning near Altadena Drive and Midwick Drive in the area of Altadena and Pasadena</p> <p>Fire details →</p>	<p>Hurst Fire</p> <p>Started: Jan. 7, 2025</p> <p>Acres burned: 855</p> <p>Containment: 10%</p> <p>Description: The fire sparked the evening of Jan. 7 near Diamond Road in Sylmar. Evacuation orders and warnings have been issued.</p> <p>Fire details →</p>
<p>Sunset Fire</p> <p>Started: Jan. 8, 2025</p> <p>Acres burned: 43</p> <p>Containment: 0%</p> <p>Description: The fire started on the 2300 block of Solar Drive in the Hollywood Hills in Los Angeles.</p> <p>Fire details →</p>	<p>Lidia Fire</p> <p>Started: Jan. 8, 2025</p> <p>Acres burned: 348</p> <p>Containment: 60%</p> <p>Description: The fire sparked near the 5700 Block of Soledad Canyon Road in Acton.</p> <p>Fire details →</p>	

Further impacts to infrastructure have been reported including energy, water, and health. Currently, over 400,000 customers are without [power](#) throughout the state of California with approximately 200,000 outages in Los Angeles County alone. The [Lincoln Avenue Water Company](#) and [Rubio Cañon Land & Water Association](#) located in Altadena have a “do not use notice” for Los Angeles County. Customers are being urged to only use bottled water for bathing, cooking, cleaning, etc., as boiling water will not make it safe for consumption or use. The Los Angeles County Department of Public Health has also reported an “unhealthy air quality” declaration, warning residents to limit or avoid outdoor exposure to smoke. According to their [website](#), “The primary health concern is the small particles, which can cause burning eyes, runny nose, scratchy throat, headaches and illness (i.e., bronchitis).”

Watches, Warnings, and Evacuations

Evacuation watches and warnings are in place for Los Angeles County. The **red** highlighted areas below indicate regions under mandatory evacuation orders for fire that pose an immediate threat to life and property. The **yellow** highlighted areas indicate regions under voluntary evacuation orders due to the potential threat to life and property, evacuations are highly encouraged.

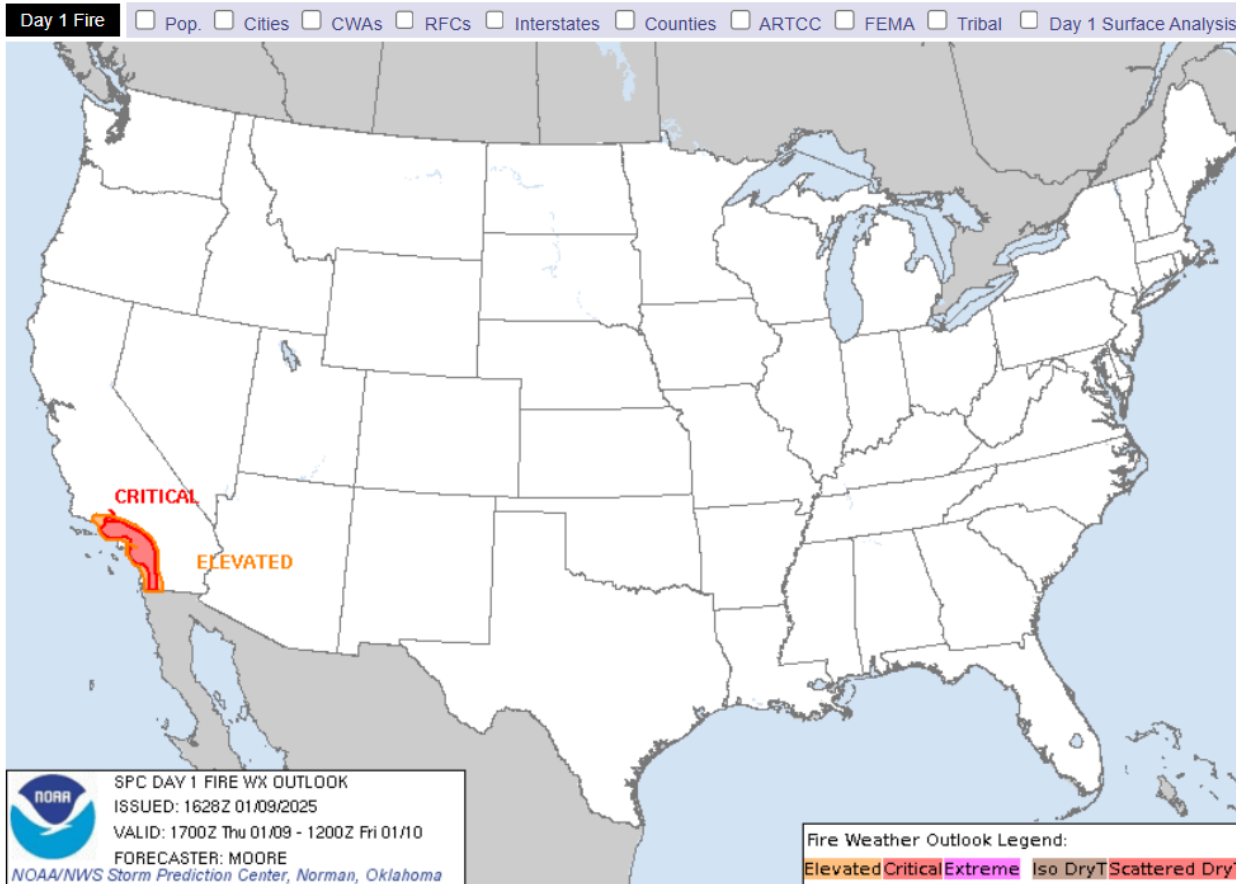

Potential Hazards

A [Critical Fire Weather](#) red flag warning has been issued for Los Angeles and Ventura Counties until 6pm on Friday, 1/10. Wind [gusts](#) in the Santa Ana corridor is likely to produce wind speeds between 35 to 55 mph while isolated mountain areas could

experience speeds up to 75 mph. The region could potentially see a similar wind event Monday (1/13) into Tuesday (1/14).

Jan 9, 2025 Day 1 Fire Weather Outlook

Updated: Thu Jan 9 16:29:02 UTC 2025 ([Print Version](#) |  | )

Coordination Calls and Agency Updates

- Private Sector Emergency Management Association (PSEMA) – groups are currently in immediate response mode with a focus on evacuations and sheltering. Additional highlights included the following:
 - ASPCA is expected to have boots on the ground today in support of animal transport and sheltering.
 - Petco will be donating crates to assist with relocation operations.
 - California OES Business Ops Center has activated.
 - American Humane Society is looking for assistance with donation management.
 - 3M Company may be able to supply immediate respiratory PPE equipment, if needed.
- Good360 DR met with disaster partners today to discuss the current state of the SoCal wildfires and the potential movements for response/recovery. Based on

discussions, immediate needs are likely to include PPE (i.e., goggles, boots, gloves, etc.), sifters, and water.

Good360 and Partners

Good360 DR is currently fully activated. We are collaborating with partners mobilizing relief efforts to identify unmet needs.

- American Logistics Aid Network (ALAN) – has received several requests for shipping assistance and will be directing requests for use of the “100 Days of Rental” afforded to us by Ryder to disasterhelp@good360.org for processing.
- American Red Cross – there are currently 8 congregate [shelters](#) open with approximately 869 clients.

January 8

On January 7 at about 10:30am a wildfire ignited in the Pacific Palisades region of Los Angeles County. Burning at a [rate](#) of five football fields per minute, the Palisades fire has currently engulfed more than 2,900 acres of land at 0% containment. As a result of this quickly moving wildfire, Governor Gavin Newsom has declared a [state of emergency](#) for Los Angeles and Ventura Counties. As more than 30,000 people were forced to evacuate their homes throughout the evening, high winds attributed to two additional ignitions last night with a fourth fire igniting today in North Woodley. These fires, too, are currently at 0% containment and burning quickly. More ignition points are probable as first responders contend with high winds and dry land areas. In addition to fire conditions, more than 245,000 customers are without [power](#) in Los Angeles County with another 49,000 in Ventura County. Currently, at least two [fatalities](#) have been reported with more than 1,000 structures destroyed by the flames.

Watches, Warnings, and Evacuations

Evacuation watches and warnings are in place for Los Angeles County. The **red** highlighted areas below indicate regions under mandatory evacuation orders for fire that pose an immediate threat to life and property. The regions highlighted in **yellow** indicate the potential threat to life and property, allowing residents more time to fully evacuate the communities; evacuations are being encouraged though not mandatory.

To support displaced residents, evacuation shelters have been opened including the following:

<p>Westwood Recreation Center 1350 South Sepulveda Blvd Los Angeles, CA 90025</p>	<p>El Camino Real Charter High School 5440 Valley Circle Blvd Woodland Hills, CA 91367</p>	<p>Pasadena Convention Center 300 E Green St Pasadena, CA 91101</p>
<p>Ritchie Valens Recreation Center 10736 Laurel Canyon Blvd Pacoima, CA 91331</p>	<p>Northridge Park 10120 Reseda Blvd Northridge, CA 91324</p>	<p>Sepulveda Recreation Center 8825 Kester Ave Panorama City, CA 9140</p>
<p>Pierce College Equestrian Center (Animal Shelter) 7100 El Rancho Drive Woodland Hills</p>	<p>Agoura Animal Care Center (Animal Shelter) 29525 Agoura Rd Agoura Hills, CA 91301</p>	<p>Los Angeles Equestrian Center (Animal Shelter) 480 W Riverside Dr Burbank, CA 91506</p>

Potential Hazards

The National Weather Service issued a Particularly Dangerous Situation ([PDS](#)) red flag warning into Thursday for the Los Angeles/Ventura County Santa Ana wind corridor. Wind gusts could reach as high as 80 mph with isolated locations reaching speeds up to 100 mph. High winds along with dry land conditions have increased the risk of additional fire ignitions or may strengthen existing fires. Other concerns include poor air quality and depleted water pressure that may impact the use of fire hydrants in affected communities.

Coordination Calls and Agency Updates

No agency calls have been scheduled at this time.

Good360 and Partners

Good360 Disaster Recovery continues to monitor the situation. We have connected with DR partners who are expected to mobilize in response to this incident. Requests for assistance will be processed as they are received.
